We the staff dedicate this annual to the one who has meant so much to Lamesa Schools. To one who is largely responsible for Lamesa High School being one of the better high schools. To one whose name is closely associated with the words "Lamesa" and "School."

To Mr. V. Z. Rogers, our former superintendent, we the staff of this 1947-1948 "El Tornado" are proud to dedicate this book.

Foreword

In making this book it has been our aim to bring to the students of Lamesa High School a book filled with the memories of the school year 1947-1948. We believe that this book clearly pictures the activities of every phase of the life in Lamesa High School, and it is our sincere hope that this book will, sometime in the for off future, bring back memories of this wonderful school year.

We have carried the theme of "progress" throughout this book, since Lamesa schools are progressing and since the students of Lamesa High School are progressive students and will, we believe, some day be leaders in making a more progressive world.

The purpose of the Junior Historian club is to discover, collect, and preserve historical material; to promote historical studies of Texas; and to undertake to build up a larger collection of Texas books in the school library.

The club has for the past three years published "Who's Who," a volume of the biographies of the outstanding seniors.

Each year the Texas Historical Association sponsors an essay writing contest for members of the Junior Historian clubs through out the state. Several members of the club entered in the contest this spring. In 1947 several students entered and have been given recognition for their essays in the Junior Historian magazine.

Those who had articles published were:

Nancy Hollingsworth, "Dawson County," a complete history of the county from the time it was granted to John Cameron in 1827 to the present day.

Winford White, "How Tom Delaney Came to Texas," the story of one of the old pioneers of Dawson county.

Faith Miller, "Golly, What A Gully," the story about one of the large chasms in West Texas.

The purpose of the Loafer's Club is to produce bigger and better loafers, advance the skill and aim of snooker players, and to get more publicity for the individuals.

A greater part of the spare time of the members is devoted to loafing over a snooker table.

Treasured Memories

Your yearbook is a store of treasured memories. The oft repeated thrill of recollection which accompanies each new search through its pages will many times repay you for the care and consideration which has gone into its creation.

We are publishing 1948 Annuals for more than 900 Colleges and High Schools. This patronage indicates a wealth of ideas and service which has no doubt made possible the long record of our school annual achievement.
